

HYDRAULIC QUICK COUPLERS

Change Attachments
in less than 10 seconds!

- One man operation—
changeover attachments
from inside cab.
- No special modifications
needed for buckets or attachments.
- Includes durable lifting hook.
- Built-in safety check valves help
eliminate electrical fault and
human errors.
- Adjustable design allows the same
coupler to fit many different machines.
See the listing on reverse for specific
models and machines.
